NOTICE OF TERMINATION DANVILLE CARPENTERS PENSION PLAN

Dear Employer:

The Danville Carpenters Pension Plan (the "Pension Plan") was terminated effective September 1, 2006 by a "mass withdrawal" of employers. The employers' agreement to contribute to the Pension Plan terminated September 1, 2006. The Pension Plan currently has an unfunded pension liability estimated by the actuary to be in excess of approximately \$3.7 million dollars. As a consequences of this mass withdrawal, the Pension Plan is frozen. The Trustees will determine each employers' share of the unfunded pension liability (withdrawal liability) and fully allocate the withdrawal liability to each employer. You will be notified in a subsequent communication of your portion of the initial withdrawal liability. Each employer is obligated to make the initial withdrawal liability payments in accordance with your schedule of payments. You may also pay the entire withdrawal liability immediately. The Pension Plan will continue until the withdrawal liability is paid in full and the Pension Plan assets are distributed.

Very truly yours,

Trustees of the Danville Carpenters
Pension Plan
