

**Central Illinois Builders of AGC
Member Services Committee Presents ...**

CONSTRUCTION SILICA STANDARDS

**Wednesday, December 6, 2017, 1 p.m. to 3 p.m.
Doubletree, 10 Brickyard Drive, Bloomington, IL
Brickyard 6**

Presenter: Brian Bothast, OSHA Peoria Office

OSHA’s Silica standard for Construction became effective on September 23, 2017. Do you know when to conduct air monitoring and how you can use Table 1 to your advantage? This session will ensure you have a grasp of the new requirements. If you want to ensure you understand the new regulation, please attend this seminar.

What you will learn:

- **New training requirements**
- **Respiratory protection requirements**
- **Written exposure control plans**
- **Exposure measurement, monitoring, sampling**
- **Recordkeeping requirements**
- **Medical exam requirements**

You are encouraged to forward your questions to the CIB office (Carolyn at cbrown@cibagc.org or 217-744-2100). Questions/comments will then be forwarded anonymously to Bothast prior to the seminar.

If you want to make your safety and health program better, this is the session for you.

DEADLINE for registration is December 1, 2017

Registration is free for CIB Members and Industry Fund contributors.
